

ABSBLE008

## HLO Basic with E-learning / HLO Grunnkurs med E-l ering

---

**Duration** 2 days + 6 hours e-learning

---

**Target group** Helideck Crew.  
The course provides a basis for qualification for the following positions:

- Helideck Assistant
- Helideck Fire Watch
- HLO (After 1 year as Helideck Assistant/Fire Watch, according to Offshore Norway Helideck Manual)
- HLO (According to Offshore Norway guideline #074, section 9)

The course is in accordance with Offshore Norway's training plan.

---

**Prerequisites** Participants must have completed a Basic Safety Course approved by Offshore Norway.

---

**Objective** The participant should be able to:

- Describe the organization and purpose of emergency preparedness on offshore installations
- Use the helideck manual
- Conduct communication and weather reporting with helicopters
- Recall helideck regulations and guidelines
- Handle dangerous goods
- Describe and perform inspections of the fuel system
- Perform HLO (Helicopter Landing Officer) tasks on the helideck during emergency situations and normal operations
- Provide information about helicopter types
- Utilize knowledge of firefighting and extinguishing agents to extinguish a fire
- Use the correct extinguishing agent to extinguish a fire
- Use personal protective equipment and respiratory protective equipment.

---

**Contents** The course contains theoretical preparatory work on e-learning, which must be completed before attending the course centre.

The course contains information about:

- Organization of emergency preparedness
- Laws and regulations
- Weather reporting, communication, and procedures - e-learning theory
- Helideck regulations and guidelines - e-learning theory
- Dangerous goods
- Aviation fuel - e-learning theory
- Emergency situations and normal operations on the helideck
- Types of helicopters
- Fire theory
- Extinguishing agent theory
- Fire practice
- Personal protective equipment

---

**Exam** Final theoretical test

---

The participant will be assessed during practical training. If the participant does not pass the practical training, they will receive a written explanation. If the participant is deemed not to meet the competency objectives, they will not be approved.  
Passed exam is valid for 24 months.
