Access to Medical Records - OSHA Standards

Duration	20 Minutes
Target group	Oil & Gas Industry 29 CFR 1910.1020
Prerequisites	No prerequisites are required to sit this course.
Objective	LO1: Describe different categories of health hazards LO2: Identify which hazards and employees may be monitored by a Medical Surveillance Program LO3: Explain how to request medical records and how access will be provided LO4: Identify which documents are exempt from disclosure LO5: Describe an employer's responsibilities regarding medical records
Contents	The aim of this course is to inform you about the different categories of health hazards and which hazards may be monitored by a Medical Surveillance Program. Employers should provide additional training when a new hazard/procedure/condition or piece of equipment is introduced into the workplace or "unscheduled" refresher training is recommended as directed to address inadequacies in knowledge and to address unsafe acts/deviations from procedures.
Exam	The assessment is taken during the course and is within the expected duration.
