

## IWCF Level 4 Drilling Well Control (Surface & Subsea)

---

**Duration** 5 days

---

**Target group** The Level 4 (Supervisor) course is designed for anyone working in a supervisory role and involved in the well design and operational decision-making process of drilling, such as a Drilling Supervisor, Superintendent or Company Man, Tool Pusher, OIM, or Rig Manager. To view the full list of recommended job titles, please refer to the IWCF website: [www.iwcf.org/programmes](http://www.iwcf.org/programmes)

Please note: IWCF training levels 2 to 4 are designed to be sequential and first-time candidates are expected to complete Level 2 before progressing to Level 3 or Level 4. However, the training levels are also designed to be role-specific and dependent on the candidate's work experience. For guidance and advice on which level of training you are eligible for, please get in touch.

---

**Prerequisites** The candidate must be pre-registered with IWCF and able to provide his/her 6-digit IWCF Candidate Registration (CR) Number.

Prior certification is not required but previous experience in a supervisor role during drilling operations is assumed. Please contact us to discuss candidate suitability if you have any doubts or queries.

---

**Objective** The IWCF Level 4 Drilling Well Control course is essential training for those working in wellsite supervisory roles and for office-based personnel that are primarily involved in the operational decision-making process and/or well design. The course aims to build on Level 3 course content (including kick detection and shut-in) and focus on more complex aspects of well control and well kill methodology.,

---

**Contents** The 5-day course is delivered through presentation of a series of interactive lectures supported by videos and animations, group discussion, and drilling simulation exercises, supplemented by a classroom workbook and further self-study exercises. Level 4 training may be partly combined with Level 3 training for common modules and during simulator-based training with each candidate assuming their respective role as per normal drilling operations.

---

**Exam** 2 written papers: Equipment and Principles & Procedures  
1 practical assessment  
Successful completion of the course and a pass mark of 70% or above in all IWCF practical and written assessments will result in IWCF Level 4 certification which is valid for two years.
