## **IADC Online Rig Pass (Excludes Safegulf and Safeland) - OSHA Standards**

---

**Duration** 500 Minutes

---

**Target group** Personnel who require awareness level training for working in Oil and Gas operations.

---

**Prerequisites** No prerequisites are required to sit this course.

---

**Objective**

The course is available in the following languages: US English; Spanish

The Occupational Safety and Health Administration is an agency of the United States Department of Labour. The OSH Act covers most private sector employers and their workers, in addition to some public sector employers and workers in the 50 states and certain territories and jurisdictions under federal authority. Those jurisdictions include the District of Columbia, Puerto Rico, the Virgin Islands, American Samoa, Guam, Northern Mariana Islands, Wake Island, Johnston Island, and the Outer Continental Shelf Lands as defined in the Outer Continental Shelf Lands Act. This course will provide you with a standardised overview of rig operations and safe working practices. The overall objective of the course is to help and improve the safety performance of oil and gas operators and contractors. Course duration Disclaimer: This course is self-paced for the average person to complete in 8 hours. IADC requires a Picture ID and legal name for identification.

The aim of this course is to inform delegates about Safety and Environmental Management Systems (SEMS), including governing bodies and General Management Program Principles.

Employers should provide additional training when a new hazard/procedure/condition or piece of equipment is introduced into the workplace or "unscheduled" refresher training is recommended as directed to address inadequacies in knowledge and to address unsafe acts/deviations from procedures.

---

**Contents**

Chapter 1 GENERAL SAFETY  
 Chapter 2 PERSONAL PROTECTIVE EQUIPMENT (PPE)  
 Chapter 3 HAZARD COMMUNICATION AND MATERIALS HANDLING  
 Chapter 4 OCCUPATIONAL HEALTH  
 Chapter 5 SPECIALIZED WORK PROCEDURES  
 Chapter 6 FIRE SAFETY
