

IOSH Working Safely

Duration	1 day
Target group	Working Safely is a one day course for staff from any sector with no supervisory or managerial responsibility. It provides grounding in the essentials of health and safety and why they must work safely.
Prerequisites	There are no prerequisites for attending the IOSH Working Safely.
Objective	The training is delivered by theoretical input and discussions based on set safety modules set in a high impact interactive package
Contents	These courses consist of theory sessions based on 5 compulsory modules: - Introducing working safely - Defining hazard and risk - Identifying common hazards - Improving safety performance - Protecting our environment
Exam	Delegates who successfully complete the written and practical assessments have a choice of accreditation, either an IOSH certificate or an IOSH passport card.
