

## Confined Space Entry Training - Level 2

---

**Duration** 1.5 days

---

**Target group** This course is aimed at persons working in confined space environments where there is a medium risk that a specified hazard may be present. It will require the use of escape breathing apparatus.

The course is designed to provide awareness of confined space entry hazards and procedures for operating company and contractor personnel involved in controlling entry to confined spaces and rescue procedures, combined with practical training in entry and escape.

---

**Prerequisites** It is the responsibility of the employer or delegates to assess their ability and fitness to safely attend this training programme.

---

**Objective** The course is designed for the delegates to acquire basic knowledge and skills through a combination of lecture presentations, group discussions, demonstrations, individual & team exercises utilising a confined space simulator based in accordance with the HSE confined space regulations.

The training course has been designed to meet the Performance Criteria of the National Occupational Standards: Working in Medium Risk Confined Spaces

---

**Contents** Relevant Legislation and Guidelines  
Classification of Confined Spaces  
Confined Space Hazards (including Oxygen Deficiency and Enrichment)  
Safe Working Procedures (including use of Confined Space Entry Permits/  
Gas Monitoring and Atmospheric Testing/ Ventilation/ Communication methods)  
Equipment and Tools (including use of Gas Testers)  
Working in Teams (including Standby Persons/ Entrants/ Emergency Teams)  
Practical Exercise - Prepare to enter and work safely in medium risk confined spaces  
Practical Exercise - Enter and exit confined spaces safely  
Procedures for dealing with emergencies (including need for rescue plans)  
Preparing and Using Escape Breathing Apparatus (10 minute Escape Sets)  
Practical Exercise - Preparing and Using Escape Breathing Apparatus (10 minute Escape Sets)  
Practical Exercise - Emergency Exit from Confined Space  
Knowledge Assessment

---

**Exam** Successful delegates will be issued with a RelyOnNutec certificate of course completion

Course are conducted at RelyOnNutec training centres at Aberdeen and Teesside
