

## Enclosed Space Entry & Rescue + Atmospheric Testing

---

**Duration**

5

---

**Target group**

Royal Caribbean Cruises Ltd.  
In order to have a generic approach related to enclosed space entry and enclosed space rescue, across the entire fleet of Royal Caribbean Cruises Ltd. (RCCL) and its affiliated Brands (e.g. Royal Caribbean International, TUI Cruises, etc.), RCCL requested the development of a bespoke training course in which company specific procedures, documentation, etc. is implemented. Besides the training of Enclosed Space Entry & Rescue, also Atmospheric Testing should be an important part of this bespoke training course.
