

MBS202

Basic Training (STCW)

Duration 4 days

Target group This training course is designed for seafarers employed or engaged in any capacity on board ship on the business of that ship as part of the ship's complement with designated safety or pollution prevention duties in the operation of the ship.

Prerequisites For admission to the course and receiving a BT certificate a delegate must be in the possession of a valid medical certificate for seafarers.

Objective The basic training aims to equip prospective seafarers with the necessary knowledge, understanding and skills to perform the role as seafarer effectively. Delegates will receive appropriate STCW '78 as amended approved basic training in: personal survival techniques, fire prevention and firefighting, elementary first-aid, personal safety and social responsibilities.

Contents

- Personal survival techniques
- Fire prevention and fire fighting
- Elementary first aid
- Personal safety and social responsibilities

Exam Delegates will be assessed against the learning outcomes by using direct observation and oral and/or written questions as appropriate.

After successful completion of the Basic Training, certification will be valid for 5 years.
