

IBS801

Confined Space Entry

Duration 1.5hrs online / 4hrs practical

Target group Industry

Prerequisites 1. Record of Completion for the Online Theory (Please bring electronic or hard copy with you for registration).

Trainees are expected to be in a good state of health and physically capable of taking part in and completing all practical exercises.

ITEMS REQUIRED FOR TRAINING:

- When checking in for training, please have your GOVERNMENT ISSUED PHOTO ID with you (ie: Passport or Drivers Licences, etc.)
- Coveralls
- CSA Approved Footwear (safety boots)

PLEASE NOTE: Certificates CANNOT be issued unless valid Government issued ID has been presented on Day 1 of training for all RONC courses, including OPITO approved training.

Objective Upon successful completion of all training components, in accordance with the Training Standard, trainees will receive a RelyOn Nutec Canada certificate that is valid for two (2) years and a electronic wallet card certificate. The certificate indicates: "Confined Space Entry"

Contents The theoretical (classroom) learning outcomes will be achieved through an online learning management system which is a combination of video modules and a quiz. Upon successful completion of the online portion, the course participant is then eligible to attend on-site training.

This course will provide training for confined space supervisors, safety attendants, and entry personnel required to work in a Non-Immediately Dangerous to Life and Health (IDLH) or low hazard confined space.

Topics include: review of applicable regulations and codes, program / permit / entry checklist requirements, confined space hazards and control measures, atmospheric monitoring principles, ventilation principals, and non-entry rescue options.

Exam Yes
