

## Virtual - IWCF Level 3 Drilling Well Control (Surface & Subsea)

<b>Duration</b>	5 Days
<b>Target group</b>	<p>The Level 3 (Driller) course is designed for anyone expected to shut-in a well, such as drillers and assistant drillers.</p> <p>Please note: IWCF training levels 2 to 4 are designed to be sequential and first-time candidates are expected to complete Level 2 before progressing to Level 3 or Level 4. However, the training levels are also designed to be role-specific and dependent on the candidate's work experience. For guidance and advice on which level of training you are eligible for, please get in touch.</p>
<b>Prerequisites</b>	<p>Our virtual classroom requires minimal IT requirements – a laptop / desktop / tablet with speakers, a microphone, a webcam, and an internet connection (with 2Mbps up/download speeds).</p> <p>The candidate must be pre-registered with IWCF and able to provide his/her 6-digit IWCF Candidate Registration (CR) Number.</p> <p>Prior certification and experience in an assistant driller or driller role during drilling operations is required. Please contact us to discuss candidate suitability if you have any doubts or queries.</p>
<b>Objective</b>	<p>The IWCF Level 3 Drilling Well Control course is essential training for those currently working in a role that is expected to shut-in a well. The course aims to reinforce and improve the candidate's existing knowledge and appreciation of the various stages of shutting-in a well; from kick detection to shutting in the well, to monitoring once the well is shut in and monitoring the well-kill operation.</p>
<b>Contents</b>	<p>This 5-day virtual instructor-led course is delivered through presentation of a series of interactive lectures supported by videos and animations, group discussion, and drilling simulation exercises, supplemented by self-study exercises. Level 3 training may be partly combined with Level 4 training for common modules and during simulator-based training with each candidate assuming their respective role as per normal drilling operations.</p>
<b>Exam</b>	<p>Candidates may select either "Combined" (Surface &amp; Subsea) or "Surface Only" BOP Stack certification. Successful completion of the course and a pass mark of 70% or above in all IWCF practical and written assessments will result in IWCF Level 3 certification which is valid for two years.</p>
