

Sea Survival

Duration 4 hours

Target group This training programme is designed to meet the offshore safety and emergency response training requirements for personnel new to the offshore oil and gas industry.

Prerequisites Language: All courses are delivered in English, but translators can be arranged accordingly.

ITEMS TO BRING: All delegates must bring Photographic I.D. and PASSPORT only (original or copy)

HEALTH: All delegates will be asked to complete a medical questionnaire prior to course commencement.

Objective The aim of the training is to give delegates intending to go to the sea the essential basic knowledge and experience of personal survival principles that can be applied to maximise their chance of survival in the event of offshore incident. With the emphasis on cold exposure and precautions to protect against it, together with knowledge of survival equipment and its use.

Contents Delegates will receive theoretical and practical knowledge in the following areas:

- Emergency Situations
- Alarms and Escape Routes
- Evacuation and Escape Procedures
- Personal Lifesaving Appliances
- Inflatable Life raft Training
- In-Water Survival Techniques
- Location Aids
- Search and Rescue
- Mustering Exercises
- Helicopter Winching

Exam RelyOn Nutec approved certification for Sea Survival will be issued on successful completion of the training programme.

Validity is 3 years.

Delegates should report to reception for 08.00hrs, course starts at 08.15hrs, unless otherwise stated.
