---

**Contents**

The course is available in the following languages: US English; Spanish

The aim of this course is to inform delegates about Safety and Environmental Management Systems (SEMS), including governing bodies and General Management Program Principles.

Employers should provide additional training when a new hazard/procedure/condition or piece of equipment is introduced into the workplace or "unscheduled" refresher training is recommended as directed to address inadequacies in knowledge and to address unsafe acts/deviations from procedures.

---

**Exam** The assessment is taken during the course and is within the expected duration.
