

Training in Advanced Fire Fighting Refresher

Duration	2 Days
Target group	This course is aimed at seagoing personnel designated to take charge and control of fire fighting operations in an emergency. The emphasis of the training is in organization, tactics and command.
Prerequisites	All delegates must be in possession of a valid seafarer medical certificate issued by an approved medical practitioner and show evidence of attending STCW Training in Advanced Firefighting.
Objective	During the course delegates will gain and demonstrate to a level of competence on how to take command, organize and train fire parties and control fire fighting operations. The delegate will acquire knowledge of fire prevention and an ability to inspect and service fire detection and extinguishing systems and equipment. Delegates will also be able to investigate and report on incidents involving fire.
Contents	Control fire fighting operations aboard ships Organize and train fire parties Inspect and service fire detection and fire extinguisher systems and equipment Investigate and compile reports on incidents involving fire
