

GWO BST - First Aid

Duration

Target group

The aim of this BST Module is to enable delegates to administer safe and effective First Aid in the wind turbine industry/ WTG environment, in accordance with GWO First Aid training through theoretical and practical training. Furthermore, this training will enable the delegate to perform cardiopulmonary resuscitation (CPR) and use an automated external defibrillator (AED).

Prerequisites

All personnel participating in Basic Safety Training shall be medically fit and capable of fully participating.

Training providers shall have a procedure that requires Delegates to sign a statement stating that they are medically fit to participate in the safety training and that they do not suffer from any medical illness or are under influence of any narcotic substance or alcohol.
The Annex 2: Medical Self-Assessment Form shall be used if no other equivalent procedure is in place.

Delegates' signatures testifying to their medical fitness shall be collected prior to the start of the basic safety training course.
Furthermore, Delegates shall have created a personal Delegate profile in WINDA and provide their own WINDA ID prior to completing the BST training.

Objective

The aim of this BST Module is to enable delegates to administer safe and effective First Aid in the wind turbine industry/ WTG environment, in accordance with GWO First Aid training through theoretical and practical training. Furthermore, this training will enable the delegate to perform cardiopulmonary resuscitation (CPR) and use an automated external defibrillator (AED).

Contents

The BST First Aid Module shall ensure that:

- 1) The Delegates are able to demonstrate understanding of the importance of carrying out First Aid in a safe and sound manner, in accordance with the legislative requirements of their geographic location and according to the International Liaison Committee on Resuscitation (ILCOR) hereunder the European Resuscitation Council (ERC) and American Heart Association (AHA) guidelines (L2-Knowledge)
- 2) The Delegates are able to identify and explain normal function, normal signs and symptoms of injuries and illness related to the human body (L1 – Skills & Knowledge)
- 3) The Delegates are able to demonstrate understanding and correct order of management in an emergency situation in a Wind Turbine Generator (WTG) environment (L3 – Skills & Knowledge)
- 4) The Delegates are able to demonstrate correct use of lifesaving First Aid using the Primary Survey "C" - A - B - C including the use of an Automatic External Defibrillator (AED) (L3 - Skills)

5) The Delegates are able to demonstrate correct use of the Secondary Survey (L3 -Skills)

6) The Delegates are able to demonstrate correct use of Primary and Secondary Survey including the use of First Aid equipment in a First Aid scenario (L3 - Skills)

Exam
