## Lone Working (NO)

---

**Duration** 20 Minutes

---

**Target group** In collaboration with Munio LMS  
English | Norwegian

---

**Prerequisites**

---

**Objective**

---

**Contents** Lone Worker training is an important part of all workplace risk management and is crucial for those who hire or manage someone who is required to work in isolation from others or without direct supervision. They can be a home nurse who makes home visits, a gloomy truck driver or even home workers. You realize that lone workers are exposed to specific risks that their office-based counterparts are less likely to face. So it is important that they are discovered early and effective measures implemented.
