Objective	
Contents	<p>A cramped or closed room is a place where there could be a risk of death or serious injury. This is due to dangerous substances or hazardous conditions (such as oxygen deficiency). The dangers of working in a confined space, potential hazards how to reduce risk and regulatory information is covered in this course.</p> <p>WHO SHOULD TAKE THIS COURSE? This course is for everyone to work in a cramped or closed room, of course! Plus, your colleagues will find this helpful, in case they need help to be saved one day.</p> <p>WHY SHOULD I TAKE THIS COURSE? This one is pretty easy to answer! Believe me, you will not enter a closed room unprepared. In a closed room, there is a lot that can go wrong, but if you follow the advice in this course you will be much more likely to have a working day without incident.</p>
