

MBSBLE021

STCW Retraining for Officers and Medical Care - Combined

Duration 5 days + online

Target group Officers needing their STCW retraining to maintain their competence

Prerequisites Advanced safety training for officers and medical care basic course.

Objective The course aims to update the delegates' understanding and skill for maintaining their own and others' safety in an emergency, as well as promote safe behaviour.
Upon completion delegates should have maintained and updated knowledge and skills within:

- Fire team management
- Medical first aid
- Sea survival
- Medical care

Contents The course covers the following part of the STCW-code:
A- VI/2-1
A-VI/3
A-VI/4-1
A-VI/4-2

Approved according to STCW-78 with later amendments (Manila 2010).

Exam Written test for each STCW table.
Passed exam is valid for 60 months.
