

## Control of Work (CoW)

---

**Duration** 25 Minutes

---

**Target group** Oil & Gas Industry

---

**Prerequisites** No prerequisites are required to sit this course.

---

**Objective** LO1: Explain the principles of a safety management system  
LO2: Explain the principles and objectives of the permit to work (PTW) system

---

**Contents** The course is split up into four modules and at the end of each module we'll test your understanding by giving you practice questions. At the end of the course your understanding of the information given will be tested and the results recorded. You need to answer 80 percent of the questions correctly to pass the course. When you pass the course, you will be issued with a certificate which is valid for 2 years. The aim of this course is to provide you with an understanding of the role of the Performing Authority.

---

**Exam** The assessment is taken during the course and is within the expected duration.
