Certificate of Updated Proficiency in Advanced Fire Fighting

Duration	1/2 Day
Target group	This training course is for all delegates who, under mandatory updating requirements, need to update their STCW Advanced Fire Fighting certificate.
Prerequisites	Delegates must be in possession of an STCW Certificate of Proficiency in Advanced Fire Fighting OR UK CEC or UK CoC. And Delegates must also sign a self-declaration form highlighting onboard experience and training. Delegates must bring their Seamans Discharge Book to validate the information on the self-declaration form.
Objective	The objective this training course is to maintain competence levels of advanced fire fighting techniques with a particular emphasis on organisation, tactics, command and control.
Contents	The course covers the following topics including; <ul style="list-style-type: none">• Control of fire fighting operations on board ship• Organisation and training of fire parties• Inspection and servicing of fire detection/extinguishing equipment• Investigation and reporting of fire incidents
Exam	Training will consist of a mix of theoretical and practical elements and delegates will have to demonstrate their knowledge and understanding of the course contents. Upon successful completion of the course, delegates will be awarded an MCA-approved Updated Proficiency in Advanced Fire Fighting certificate. Certification is valid for 5 years at which point delegates should undertake the Updated Proficiency in Advanced Fire Fighting training programme to remain certified.
