

GWO Enhanced First Aid Refresher

Duration 2 days

Target group GWO Enhanced First Aid refresher training is aimed at personnel that are selected by their employer to perform Enhanced First Aid onshore or offshore, where training according to the GWO Enhanced First Aid training may enable them to react to incidents and thus mitigate the results of casualties deriving from the identified risks.

Prerequisites Delegates must hold a valid and in-date GWO Enhanced First Aid Certificate.

Objective The objective of GWO Enhanced First Aid training is to train delegates to support and care for others working in the industry by possessing the knowledge, skills and attitude of Enhanced First Aid. Upon completion of the GWO EFA training delegates will be able to administer safe, effective and immediate lifesaving and enhanced first aid measures to save life and give assistance in remote areas using advanced emergency equipment and medical teleconsultation.

Contents

- Understand the importance of carrying out basic and enhanced first aid in a safe and sound manner, in accordance with local legislation and according to European Resuscitation Council (ERC) and American Heart Association (AHA) guidelines
- Administer safe, effective and immediate lifesaving and enhanced first aid measures to save life and give assistance in remote areas using advanced emergency equipment and medical teleconsultation, while having particular regard for personal-protection
- Identify and explain normal function, normal signs and symptoms of serious and minor injuries and illness related to the human body
- Demonstrate understanding and correct order of management in an emergency situation in a Wind Turbine Generator (WTG) environment
- Deliver immediate enhanced first aid to stabilise a casualty
- Assess the casualty for injury or acute illness and determine if medical advice and external-to-incident support is required
- Request telemedical consultation and medical/rescue assistance by providing a concise and relevant report of the casualty's condition while receiving medical advice to stabilise the casualty
- Request immediate medical/rescue assistance providing a concise and relevant report of the casualty's condition
- Prepare the casualty for transfer to nominated evacuation/rescue point
- Act as a leader in first aid situations

Exam Upon completion of the course, delegates will be awarded a GWO Enhanced First Aid Refresher Certificate.

The certificates will be valid for 24 months. Prior to expiry delegates must retake GWO Enhanced First Aid Refresher training to remain certified.
