|                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Contents</b> | The course is available in the following languages: US English; Turkish.<br>The aim of this course is to give you an awareness of emergency response and evacuation processes and procedures. You will learn about the different elements of an emergency action plan and how to respond to specific emergencies. You will also be able to identify evacuation and abandonment procedures and the '7 Steps of Survival'.<br>Employers should provide additional training when a new hazard/procedure/condition or piece of equipment is introduced into the workplace or "unscheduled" refresher training is recommended as directed to address inadequacies in knowledge and to address unsafe acts/deviations from procedures. |
|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

---

|             |                                                                                |
|-------------|--------------------------------------------------------------------------------|
| <b>Exam</b> | The assessment is taken during the course and is within the expected duration. |
