

IBSRDL601

Access to Medical Records - OSHA Standards

| | |
|----------------------|--|
| Duration | 20 Minutes |
| Target group | Oil & Gas Industry 29 CFR 1910.1020 |
| Prerequisites | No prerequisites are required to sit this course. |
| Objective | LO1: Describe different categories of health hazards LO2: Identify which hazards and employees may be monitored by a Medical Surveillance Program LO3: Explain how to request medical records and how access will be provided LO4: Identify which documents are exempt from disclosure LO5: Describe an employer's responsibilities regarding medical records |
| Contents | The aim of this course is to inform you about the different categories of health hazards and which hazards may be monitored by a Medical Surveillance Program. Employers should provide additional training when a new hazard/procedure/condition or piece of equipment is introduced into the workplace or "unscheduled" refresher training is recommended as directed to address inadequacies in knowledge and to address unsafe acts/deviations from procedures. |
| Exam | The assessment is taken during the course and is within the expected duration. |
