

OER780

OIM CONTROLLING EMERGENCIES

Duration	2 Days
Target group	Personnel who have command responsibility, including nominated deputies and reliefs.
Prerequisites	Delegates must provide a completed element 1.1 at the start of the assessment process. The required element 1.1 will be sent out with the joining instructions. It is also recommended that delegates have already completed a four-day Major Emergency Management Initial Response course or similar.
Objective	This course is designed to assess delegates' competency in controlling emergencies. Assessment is based on performance during three scenarios, undertaken in a purpose-built simulator, which replicates the main features of the delegate's own installation.
Contents	<p>In accordance with OPITO standard, a minimum of three scenarios will be undertaken, based upon a major incident chosen from the following:</p> <ul style="list-style-type: none">•Well Control Incident•Explosion and fire•Accommodation fire•Helicopter incident•Pipeline incident•Collision or wave damage causing structural collapse•Loss of stability (Mobile installations)
Exam	On completion of this course, a written assessment will be taken.
