OPITO Further Offshore Emergency Training with CA-EBS

Duration	1 day
Target group	<p>OPITO Approved - Course Code 5850</p> <p>Further Offshore Emergency Training (FOET) with Compressed Air Emergency Breathing System (CA-EBS).</p> <p>This course is designed to meet the further offshore safety and emergency response training and assessment requirements for employees working in the offshore oil & gas industry.</p> <p>It consists of further training and assessment in helicopter safety and escape, fire fighting and self rescue and emergency first aid.</p>
Prerequisites	<p>Valid BOSIET / FOET certificate. (Verified through Vantage)</p> <p>Medical Screening form to be made on arrival at the training center (Verified by instructor in the classroom)</p> <p>Personal ID (Verified by instructor in the classroom)</p>
Objective	<p>The objectives of the FOET (with CA-EBS) are that learners will be able to:</p> <p>(a) Demonstrate, in a simulated environment, that they can use the safety equipment and follow procedures in preparing for and during helicopter emergencies – with particular focus on escaping from a helicopter following ditching.</p> <p>(b) Demonstrate that they can use basic firefighting equipment effectively, and use self-rescue techniques in low visibility and completely obscured visibility situations e.g. smoke-filled areas.</p> <p>(c) Demonstrate that they can perform basic first aid.</p>
Contents	<p>Safe behavior:</p> <ul style="list-style-type: none"> - Offshore risks, control and consequences. - Environmental impact and disposal of waste. - How the offshore safety is regulated and controlled. - Procedures for prescription of Medicine and medic tasks. - Alcohol and abuse policy. - Requirements for protective equipment (PPE) - Reporting Procedures (near miss, incident, accident). <p>Helicopter Safety and evacuation:</p> <ul style="list-style-type: none"> - Safety on board boarding on aircraft and arrival offshore. - Emergency by helicopter flight. - Use of Compressed Air Emergency Breathing System (CA-EBS). - Practical training with CA-EBS. - Practical training of emergency landing on water as well as evacuation from the helicopter. <p>South Dredging, Evacuation and First Aid:</p>

-
- Emergency offshore alarm and practical sea survival.
 - Practical exercises in emergency situations
 - Practical use of helicopter harness.
 - Lifesaving First Aid incl. AED

Firefighting and Evacuation:

- Causes of fire.
- Fire extinguishing systems and detectors.
- The use of handheld fire extinguishers.
- Own rescue from completely or partially smoking rooms using escape mask.

Norwegian add-on included (non OPITO)

Exam

Ongoing assessment during the course.

OPITO Approved - Course Code 5850
