

RTC405

GWO BTT Siemens GAP Training

Duration	4 Hrs
Target group	Technicians with Siemens Level 1-4 qualifications
Prerequisites	SE-P-07900 Technical Safety Training SE-P-06100 Bolt, Torque and Tension SE-P-06000 Basic Turbine Electricity and Hydraulics
Objective	To upgrade existing Siemens Level 1-4 qualifications to GWO Basic Technical Training
Contents	<p>MECHANICAL: Lesson 7, Gearbox ELEMENT 7.1: The function and operating principles ELEMENT 7.2: Inspection of the gearbox Lesson 8, Braking system ELEMENT 8.1: The function of the mechanical and the aerodynamic brake ELEMENT 8.2: Inspection of the mechanical brake system Lesson 9, Yaw System ELEMENT 9.1: The function of the Yaw system ELEMENT 9.2: Inspection of the Yaw system Lesson 10, Cooling System ELEMENT 10.1: Components that requiring cooling and why ELEMENT 10.2: Inspection of the cooling systems Lesson 11, Lubrication System ELEMENT 11.1: Components requiring lubrication and why ELEMENT 11.2: Inspection of the lubrication systems</p> <p>ELECTRICAL: NO GAP</p> <p>HYDRAULICAL: NO GAP</p>
Exam	Ongoing Assessment
